ECO MEET

L-R: Steve Doughty, Doug Furlow, Coach Mrs. Hale, Mike Elders, Pat Barger.

The District Eco Meet has been in existence for seven years. Several teams in Southern Illinois compete, but our team has been the only team to compete all seven years at the Regional Meet representing the Rend Lake Corps of Engineers. Our team works very hard and excels in the varsity levels of ecology. They compete in the catagories of compass and map reading, tracking, and prairie flower identification. The ability to work as a team represents the individual achievement of each participant. Above all, the goal of the team is to represent Crab Orchard as a leading competitor.

— Mrs. Hale
